

Errata for the Third Printing of Discovering Design with Chemistry

Student Text

- p. 143:** It should say “molecules take on a shape” instead of “atoms take on a shape.”
- p. 165:** Line right above the figure should say “energy is taken” instead of “energy it taken”
- p. 185:** Indicate that it can’t be stainless steel wool in the experiment
- p. 363:** S is 1+ under the example, not 1-
- p. 379:** Put a period at the end of step 4
- p. 449:** the 131,600 should not be negative after the equation
- p. 451:** In #4, there is a mismatch between the units in the question and its answer. Both units should just be kJ.
- p. 460:** Bottom equation 6 should stay neg

Answer Key

- p. 176:** There is a mismatch in units between the question and the answer for #4. The unit should be just kJ in both.
